Project _____ Type _____ Qty _____

Company _____ Part # _____

St. Petersburg Bollard

Overview

The St. Petersburg Bollard is constructed from durable aluminum alloy and finished with a weather-resistant polyester powder coat. Designed to illuminate pathways, it also enhances safety by clearly defining property boundaries for drivers. All exterior hardware is corrosion resistant stainless steel, supplied in its natural stainless finish. Color matched hardware is available on request for select finishes; consult factory.

Size

Available in standard 4" diameter with standard height of 42". Custom sizes available.

Electrical

- Watts: 10, 12, 15, 20 and 30W
- Voltage: 120v through 277v (U). 347-480v (HV).

LED

High performance LED CRI: 80. Color temperature ranges from CCT: 2700K - 5000K. Also available in Amber LED array.

Optics

Available Optics: Type II (T2), Type III (T3), Type IV (T4), and Type V (T5).

Mounting

Heavy duty internal baseplate (IBP) installs on the ground with anchor bolts (four anchor bolts, nuts and washers). External base plate (ESM) also available, consult factory.

Finish

Outdoor polyester powder coat, available in our Zuma standard finishes with a four-step pretreat process to ensure optimal adhesion and surface integrity. All standard finishes are provided in a fine texture with a matte sheen; additional textures and sheens are available upon request. Also available in custom RAL and in marine grade finish (MGF), specify.

Controls

- Dimming. 0-10v dimming (D) available.
- Photocell: Small button style photocell available in 120v-277v on side of fixture (PC).
- Motion Sensor (M)

Options

- Bollard can be made to "Buy American Compliant" (BAA)[1] and "Build America, Buy America Act Compliant" (BABA)[1] (includes BAA)
- Emergency Battery Backup (EMB)
- Sky Night Friendly (SKY)
- 180° Houseside Shield on Optics (HSSOP)
- Surge Protection (S): Field installed in the bottom of the bollard.
- Marine grade finish (MGF) available in standard and custom colors, consult factory.
- Vandal Resistance Hardware (VRH): Optional vandal resistant stainless steel hardware installed for added security. [1]

Certificates & Warranty

- Designed to comply with UL 8750
- Suitable for Wet Locations
- 5-Year Warranty

Technical

- Operating Temperature: -40°F to 95°F (-40°C to 35°C)

Product specifications and design subject to change, at any time, without notice.
