

AB16 Two-Piece Base Cover

Specifications

Material

Zuma AB Series 2-Piece Base Covers are constructed from cast aluminum.

Pole Types

Accommodates steel or aluminum poles in a variety of sizes.

Finish

Products undergo sandblast treatment to ensure optimal adhesion of thermoset polyester powder coats. Each coating is meticulously applied to achieve a uniform thickness of 3-5 mils. Marine grade finish can be specified for added protection in corrosive environments. Optional liquid polyurethane coating provides easy in-field repairs and maintenance. Available in standard or custom colors.

Hardware

All hardware is stainless steel.
