

# AB62 - Burbank Base Cover

## Specifications

### Material

AB62 is a 2-piece base cover constructed from heavy duty cast aluminum.

### Pole Types

Accommodates either 4" or 5" round poles.

### Finish

Products undergo sandblast treatment to ensure optimal adhesion of thermoset polyester powder coats. Each coating is meticulously applied to achieve a uniform thickness of 3-5 mils. Marine grade finish can be specified for added protection in corrosive environments. Optional liquid polyurethane coating provides easy in-field repairs and maintenance. Available in standard or custom colors.

### Hardware

All hardware is stainless steel.
